<b>Care &amp; Instructions</b>	<ul style="list-style-type: none"><li>• Dust the furniture regularly.</li><li>• Wipe the wooden surface with a clean microfiber cloth damped in a wood-friendly cleanser. Immediately wipe the moisture with a dry, soft, and lint-free cloth.</li><li>• In case of a spill, blot the stain with a clean, dry cloth in a gentle manner. Please make sure you do not use coarse material or rub the spot briskly.</li><li>• Use mats and coasters before keeping any hot or cold items on the wooden surface.</li><li>• Ensure that the furniture does not have any exposure to moisture and water.</li><li>• Protect the material from direct sunlight and heat to maintain its original quality.</li></ul>

	<ul style="list-style-type: none"><li>• Keep sharp objects away from your furniture to avoid cuts and scratches.</li><li>• Avoid chemical and alcohol contact with the furniture as it might harm the natural finish and durability of the product.</li><li>• Please note: Do not drag the furniture to relocate it, as this might weaken the joints. Instead, lift the wooden furniture if you want to move it.</li></ul>
